

Sintered Bur Kits One of the most economical ways of buying burs. Ordered directly from the manufacturer in Switzerland, you get the bur shapes you want in the grits you want.

(6) Bur Kit \$170*
(6) 5mm Kit \$200

*Limitations include no more than (3) 5mm diameter burs per kit and no bur over 5mm in diameter.

Please allow 4-6 weeks for your special order kit.

Hog Burs

Normally \$75—Now only \$65 each or 3+ @ \$55 ea.

Large and powerful! 8mm diameter with an 1/8" shank allows this bur to work very effectively and last an extremely long time. Available in the following grits, 80, 170, 325, 600.

Sintered Hole Drills

\$30 each
4/\$110
6/\$150

4 or 6 set includes a cleaning stone 1.0, 1.2, 1.6, 2.3, 2.9, 3.3

Cleaning Stone

\$8.50 each (\$6 with bur order)

220 grit Aluminum Oxide cleaning Stone to clean up your burs to get them cutting like new.

Bristle Brushes
\$8.50/dozen

Robinson Bristle brushes are the best on the market. Available in soft or standard stiff, these 9/16" brushes are very effective.

Stainless Steel Mandrels
\$1.50 ea or 12 for \$15

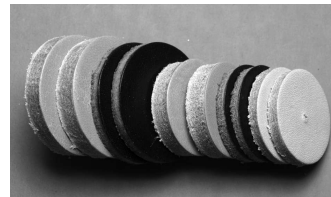

Strong and rust free for leather and felt wheels, etc.

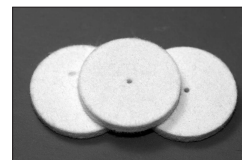

Leather Wheels

\$1 ea. or (6) for \$5

These are a workhorse for polishing. Softer than wood or phenolics but harder than felt, leather wheels give you a variety of options depending upon your polishing needs. Available in different textures, diameters, and thicknesses.

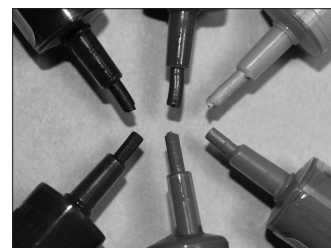

- 1/4" thick and either 1" or 1 1/8" diameters, Hard sole leather that can be shaped to fit your needs. Knife edge, square, or bevel to suite your carving.
- 1/8" thick and either 1" or 1 1/8" diameters. Like belt leather, these are slightly softer and conform to your carving to work fast in the polishing steps.
- 1/8" by 1" Hard leather. Softer than sole leather but harder than belt leather.

Felt Wheels

\$.50 each or 5 for \$2.00

Extra Hard, you can shape them as you need them. **Really valuable in polishing.**

Diamond Polishing Pastes

\$20 for 5 grams
or 6+ syringes for \$18 per syringe

Made with the standard grease type formula, this polish has characteristics that make it stand out from the competition. Featuring an extra large helping of diamond grit (look at it under a microscope!) and a special formulation that keeps the diamond crystals from clumping, a major cause of frustrating scratches in the polishing steps. **This paste is a real workhorse!!** Grits available include: 100, 240, 325, 600, 1200, 3000, 8000, 14000, 50000, and 100000.

Super Polish (3 gram containers) \$25 each

or 3 containers for \$66
5 containers for \$100

mix or match grits

A next generation diamond polishing paste, this polish features extremely high diamond concentrations, easy water cleanup and extremely fast polishing. In a word, WOW!! Available in 325, 600, 1200, 2000, 3000, 14,000, and 50,000.

Facetors!!! This polish is extremely fast and will solve most of your polishing headaches easily. Used on a corian lap or a BAT lap, this polish is very easy and very fast!! 1200, 2000, 14,000 are also available in stick form for easy application to buffs or laps.

Polish Sample Kits

\$30 for 2 grams each
240, 325, 600 and 1200 regular pastes
\$25 for .3 gram each
